Welcome the night.

Repeatedly recognized as a “Best Buy” in the premium category by Consumers Digest, the TS 8.2 is luxury at its best!
At the end of the day, it isn’t really about the morning’s marathon meetings or the afternoon’s deadlines. Or that tangled mess of bumpers called “commuter traffic.” Or the three dozen cupcakes your child volunteered for the class. This is about some You Time — just you and the comfortable relief of your Twilight Series spa by Master Spas. Yes, this is where day meets night, and all is set right with your world.
HYDROTHERAPY JETS will enrich your Twilight experience by providing stress relief for every area of your body that needs attention.

LOUNGE SEATING beckons to your body, with every curve ergonomically designed to fit the contours of your body and wrap you in ultimate therapeutic comfort.

LOUNGE SEATING, finely crafted, ergonomically designed.

DUAL-LOUNGE SEATING is featured in the TS 873.

STRESSRELIEF™ NECK AND SHOULDER SEAT
Now is the perfect time for Twilight. Life’s stresses punch no time card. The hassles and hurries that dictate your days come and go as they please. But your remedy — your relief — is ready and waiting for you. Slip in. Relax. Recharge. The beauty of owning a Twilight Spa means that you rule the best part of the day.

Twilight becomes the most treasured time of the day.
Our exclusive Master Blaster™ Foot Therapy System features up to two Master Blaster clusters of individual nozzles for a total of 28 powerful jets massaging your feet. The Master Blaster’s powerful pump is dedicated to treating your feet to almost 200 gallons per minute of soothing, massaging jet action. Plus, our StressRelief™ Neck and Shoulder Seat features strategically placed jets to provide the ultimate tension relieving massage in an area we need it most. Just know that all of these components work together to give you all the benefits of a full body massage.

Your whole being will say “Ahh.”

Master Force™ Bio-Magnetic Therapy System  Master Spas is putting you in complete control of your wellness. Used for centuries to help relieve pain, improve circulation, reduce swelling, and alleviate stiffness, magnetic therapy is being reborn in the world of modern medicine.

More doctors and physical therapists use magnetic therapy for the treatment of back problems, arthritis and sports injuries. As a result, nearly 70 percent of all professional athletes use magnetic therapy for pain relief and performance enhancement.

Our patented Master Force™ Bio-Magnetic Therapy System applies strategically placed magnets to two pressure points behind the neck, and eight through the shoulders, back and seat areas in our exclusive reverse molded StressRelief™ Neck and Shoulder Seat.
STRESSRELIEF™ NECK AND SHOULDER SEAT (shown right) features strategically placed jets and magnets to provide the ultimate tension relieving therapy.
CASCADE WATERFALLS and topside controls create the perfect soothing calm at the push of a button — sounds of tranquility usher away the day.

MAST3RPUR™ The synergistic blend of three proven natural sanitizers provides water quality and spa care not found in any other spa, including salt systems.

UV-C LIGHT When germicidal UV-C light is exposed to water it inactivates microorganisms and breaks down chloramines.
We learned a long time ago that hot tubs are meant to enjoy and not to take care of. That’s why we developed our unique, patented EcoPur® Filtration System to take the work out of it and keep the enjoyment in your everyday hot tub use. Our filtration system consists of dual filters including our proprietary EcoPur® and our state-of-the-art Corona Discharge Ozone Injection System. Rest assured that your Twilight Series spa is built to be ready for you at any time while limiting any time-consuming hassles of taking care of it.

QuietFlo Water Care System

Our optional energy efficient circulation pump circulates up to 30 gallons of water per minute. This advanced system enhances the purity of the water while interacting with the heater, ozone system, patented EcoPur® Filtration System, as well as the optional Mast3rPur™ Water Management System.

Simply Pure,

Naturally

Mast3rPur™ Water Management System*

The synergistic blend of three proven natural sanitizers provides water quality and spa care not found in any other spa, including salt systems. The Mast3rPur™ Water Management System dramatically reduces harsh chemical consumption, like chlorine, while removing many heavy metals and chloramines for water that looks crystal clear, smells fresh, and has a silky feel.

THE POWER OF 3:

<table>
<thead>
<tr>
<th>O3</th>
<th>UV</th>
<th>CZn</th>
</tr>
</thead>
<tbody>
<tr>
<td>When absorbed in water, ozone kills pathogens and microorganisms, destroys organics, and oxidizes non-organic contaminants.</td>
<td>When germicidal UV-C light is exposed to water it inactivates microorganisms and breaks down chloramines.</td>
<td>The unique combination of copper and zinc in the patented EcoPur® filters creates an electro-chemical reaction to eliminate many microorganisms and remove heavy metals such as lead and mercury.</td>
</tr>
</tbody>
</table>

Each of the three elements are proven effective water management tools but when they are combined, their synergy makes them dramatically more effective through a chemical reaction known as Advanced Oxidation Process (AOP). AOP is superior to other systems because it produces powerful hydroxyl radicals that maximize disinfection and reduces chloramines fast and effectively. Clean, clear, fresh smelling, and silkier water is available now with less work...another innovative, exclusive benefit only available through Master Spas.  

* The Mast3rPur™ option is only available on spas equipped with the QuietFlo Water Care System.
Everything about a Twilight Series spa is delightfully stress-free. Controls offer one-touch digital ease and consistency so you can truly relax while your spa does all the work. Therapeutic water jets synchronize with soothing sound and lighting systems. The optional Afterglow Jet Package brings a brilliant kaleidoscope of colors through the jets in your Twilight Series spa to further enhance your relaxation experience, while the standard Orion Light System™ beautifully illuminates the cascading waterfall and topside controls. With a Twilight Series spa, you can live in the moment amid quality and tranquility.

Any time is a good time for Twilight.
ORION LIGHT SYSTEM™ provides underwater LEDs and illuminates the cascade waterfall and topside controls.

AFTERGLOW JETS The optional Afterglow Jet Package brings a brilliant kaleidoscope of colors through the jets in your Twilight Series spa to further enhance your relaxation experience.
SAVOR THE RELIEF
The experience can be refreshing; the results, remarkable. Twilight Series spas are designed to help you relax and restore your senses.
Noise Reduction System

The little things in life make such a big difference for us. It could be the smile of a young child at the end of a long day or maybe it’s the fact you hit all the green lights on your morning commute. One thing that’s been more difficult to find in these busy times is a quiet, relaxing place to rejuvenate yourself. At Master Spas, we’ve been building Ultimate Relaxation Machines for over 30 years and relaxing hundreds of thousands of happy Master Spas owners. Now the most relaxing spas in the world just got even better with our exclusive Noise Reduction System (NRS).

The NRS is a result of advanced engineering innovation that reduces pump and motor vibration by 150% over the industry standard mounting system, making it even easier to find your quiet place.

With the exclusive Noise Reduction System from Master Spas, if you listen close enough... you won’t hear it.

Less Noise = More Relaxing
Energy Efficient

Environmentally-friendly Icynene foam insulation makes a Twilight Series spa one of the most energy-efficient spas in the industry. The Icynene Insulation System expands to 100 times its initial volume in seconds to insulate and air-seal the spa envelope. The resulting blanket of soft foam insulation forms a continuous thermal barrier that eliminates cold spots and significantly reduces energy costs. A consistent, comfortable temperature is maintained inside the spa, while cold air is kept outside, and condensation, mold and mildew prevented. Unlike urethane foam-based systems, which lose half their R value in as little as 2 years, Icynene maintains its insulation value for the life of your Twilight Spa.

Every Twilight Series spa is built to not only meet but to exceed the stringent California Energy Commission (CEC) efficiency standards. All resulting in what really matters – a superior energy-efficient hot tub and savings for you and your monthly utility bill.

Easy to own, easy to enjoy
MASTER SPAS has a hot tub to fit any need or desire. We purposely create spas that will complement your individual lifestyle.

MASTER CRAFTED Our mold resistant coated wood frame is heavy-duty 2x4, engineered to reduce moisture absorption.

Master Spas Cares For Cures

Master Spas is pleased and proud to assist two foundations dedicated to finding and funding the cures for life-hindering diseases.

Along with the Lupus Foundation of America, we have initiated a campaign to help raise awareness and find a cure for this debilitating disease that affects more than 1.5 million Americans. Part of the profit from each “Lights for Lupus” spa model will go to the Lupus Foundation. Together, we can fund and find the cure.

Master Spas has joined forces with the Vera Bradley Foundation for Breast Cancer to eradicate breast cancer, a life-threatening disease, by providing financial support for research and research-related projects.

Cares For Kids

Master Spas and their dealers were part of building a new school complex in 2013 for the NAZ Children’s Centre in Rose Hall, Jamaica. This specialized school does an outstanding job with children ages 4-11, as well as working with children with developmental problems. With every Master Spas Swim Spa sold, a donation will be made to the NAZ Children’s Centre Scholarship Fund.
